

RADIOISOTOPE POWER SYSTEMS

MMRTG Mission Planner Data Package Usage Agreement

The National Aeronautics and Space Administration (NASA) Radioisotope Power Systems (RPS) Program, in partnership with the Office of Space and Defense Power Systems at the Department of Energy (DOE), is offering mission concept developers the opportunity to access the Multi-Mission Radioisotope Thermoelectric Generator (MMRTG) Mission Planner Data Package. The objectives of this technical data are to support potential implementation of MMRTGs in mission concepts.

All data being provided has been determined to be export controlled.

I, _____, am requesting the above-mentioned technical data on behalf of _____ (*Name of Organization*). In requesting this technical data, I certify that:

- (1) I am a United States Citizen or a lawful permanent resident of the United States and that I and my organization/company has a need for the above-mentioned technical data, and*
- (2) I work for an organization/company that is incorporated to do business in the United States, and,*
- (3) I and my organization/company agree to abide by the following ITAR or EAR statement:*

“International Traffic in Arms Regulations (ITAR) Notice”

This document contains information which falls under the purview of the U.S. Munitions List (USML) as defined in the International Traffic in Arms Regulations (ITAR), 22 CFR §120-130, and is export-controlled. It shall not be transferred to foreign persons in the U.S. or abroad without specific approval of a knowledgeable NASA export control official, and/or unless an export license or license exemption is obtained/available from the Directorate of Defense Trade Controls, United States Department of State. Violations of these regulations are punishable by fine, imprisonment, or both.

OR

“Export Administration Regulations (EAR) Notice”

This document contains information within the purview of the Export Administration Regulations (EAR), 15 CFR §730-774, and is export-controlled. It may not be transferred to foreign persons in the U.S. or abroad without specific approval of a knowledgeable export control official, and/or unless an export license or license exception is obtained/available from the Bureau of Industry and Security, United States Department of Commerce. Violations of these regulations are punishable by fine, imprisonment, or both.
